01 PROFILE

Team player • goal-oriented • problem-solver • curious person • can-do attitude

I am interested in User Experience since my first year at the University. I enjoy providing products that solve specific user problems. Besides being curious person I have a lot of empathy, which allows me to find and understand the user's needs. My goal is to create intuitive products that are useful to users and meet project's business goals.

02 EXPERIENCE

12.2020 — current
